ONE DAY IN A WRITING ROOM

ONE DAY IN STUDIO C or E

MIXING & MASTERING

£1,000 ex VAT

When an artist walks through our doors they find a team dedicated to helping them reach their full potential. We have done this for decades with exceptional results. We want every artist to have the opportunity to experience this unparalleled level of creative support, from global superstars to brand new artists starting their recording journey.

We are aware that we may seem out of reach to aspiring young artists. That's why we are proud to introduce our Access Metropolis Initiative, an incredible opportunity for any artist to experience working in one of the greatest Recording, Mixing and Mastering studios in the world and show you the Metropolis way, for one all inclusive price.

WRITING

RECORDING

MIXING

MASTERING

Upon booking, you will receive a personal briefing on how to prepare and maximise your time at the studio with a call from your assigned engineer.

A full day in one of our brand new production rooms with our engineers, will give you time to think, create, write and fully prep your session ahead of the recording.

A full day recording in Studio C or E with access to all of our equipment and supported by your engineer will give you the same inspiration as those who came before you.

Our team of Grammy award winning engineers know how to make your music sound the best is possibly can whilst making sure you maintain complete creative control.

Our Mastering Engineers are the best in the business. They turn mixes into hits on a daily basis. This is a priceless experience for any young artists.

 **Access Metropolis**

A FULL DAY IN ONE OF OUR BRAND NEW WRITING ROOMS

Our Writing Rooms are a scaled - down version of our bigger tracking studios; we took all our years of experience in crafting a creative environment and adapted it for a more affordable price. Our engineers oversaw every detail of the build and kit - out including the powerful and perfectly balanced Genelec monitors. These are production rooms powered by Metropolis. We think that says it all - now it's your turn to experience them.

Clients:
Mahalia, Gary Barlow,
Craig David Octavian, WSTRN, Rude Kid.

Clients:

Amy Winehouse, Zayn, Adele, Drake,
Kendrick Lamar, David Guetta,
Paul McCartney Paloma Faith,
Jessie J, Emeli Sandé, Stromzy,
Loyle Carner, Sam Fender
and Gorillaz.

A FULL DAY IN STUDIO C OR E WITH AN ENGINEER

Studio C was designed as Europe's ultimate mixing room. Equipped with the first fully fitted 72 channel Neve VR with Flying Faders, the control room was designed for uncompromising monitoring quality and an enormous range of outboard equipment. A large keyboard station worktop are a behind the mix position is ideal for ancillary equipment for mixing or production.

Studio E's 55m2 control room is one of London's premier mix rooms, but is also suited to production and vocal sessions with a 10m2 overdub booth. A 5.1 mix room based around an SSL XL 9072 K Series console with surround PMC main monitoring, the room benefits from huge amounts of daylight.

MIXING & MASTERING

Our mastering rooms are quite simply the finest mastering rooms in Europe.

Our engineers continue to garner hit after hit, award after award. Over 60% of this year's Brit Award Best British Singles came out of this building. Think of mastering as the Instagram filters you apply to your photos to make them look amazing. That's what we do to your music!

Our mix engineers are the best in the business with vast experience across multiple genres and an impressive tally of global hit records between them. The right mix will bring your song to life, a vital part of achieving the dynamic relationship of arrangements, instruments and perspective in a song.

Clients include:
Ed Sheeran, Dua Lipa, Jess Glynne,
J Hus, Gorillaz, Stefflon Don,
Charli XCX, Led Zeppelin,
The Beatles, Arctic Monkeys,
Muse, Clean Bandit and many more.
